

# **SURVEY CHARACTERISTIC**

## **Aim of the survey**

Anonymous, internal survey based on the principles and recommendations of the European Charter for Researchers and Code of Conduct for the Recruitment of Researchers aims at the evaluation of compliance of WUELS' internal regulations with the European Commission's regulations.

Survey is a tool to measure the academic society's opinion (researchers, academics, scientific technical workers and doctoral students) on whether WUELS' procedures are compliant with the principles and recommendations of the Charter and Code of Conduct.

## **Who fills in the survey?**

Survey is available for all researchers, academics, scientific technical workers and doctoral students.

## **What is it like?**

Survey consists of 40 mandatory single-choice questions regarding: ethics, recruitment, employment and social security conditions. Each question can be answered with one of the following:

- Strongly agree
- Agree
- Disagree
- Strongly disagree
- Neither agree nor disagree

Mandatory 40 questions evaluate the following fields: ethics and professional aspects, recruitment, employment and social security conditions and training. Each question is followed by a field available for additional commentary or suggestion.

5-point Likert scale is used to evaluate opinions and attitudes with regards to certain statements and factual circumstances.

## **Results**

Analysis of the survey will be presented in appropriate graphic form, as charts and commentary.
